Job Title:	Crane Operator	Job Code/ Req#:	N/A
Location:	Vancouver, WA	Travel Required:	Less than 20%
Level/Salary Range:	DOE	Position Type:	Full-Time

Job Description

Job brief

We are looking for a crane operator to safely operate a variety of crane in a shipyard setting. You will work closely with project managers and ground crew/riggers to complete your daily duties. You will also perform equipment inspections and repairs on a regular basis.

To succeed in this role, you should have hands-on experience with cranes. Problem-solving and attention to detail are also must-have skills for you, so that you can adapt to different weather conditions and settings.

Responsibilities

- Operate cranes and hoists
- Transfer loads to construction sites and discharge safely
- Bind loads to cranes
- Inspect equipment and machinery
- Keep and update maintenance and activity log
- Carry out basic repairs to machines
- Set up machinery based on complex manuals
- Coordinate with ground operators and interpret hand and verbal signals
- Follow safety guidelines and protocols

Requirements and skills

- Previous experience as a crane operator
- Working experience handling different types of cranes
- Ability to lift heavy loads, work in heights and stand for long hours
- Accuracy and attention to detail
- Pass drug test
- Commercial driver's license is preferred
- Relevant certification (e.g. NCCCO) is preferred

ADDITIONAL NOTES

Pay is DOE
